

Catalogs can have multiple banners that are added as a catalog section. Schedule banners to appear and be removed and link them to locations inside the portal or an external website.

Catalog Banners

Banner Files

Add a banner file by uploading it from your computer.. Files can be JPEG, JPG, or PNG file that is 3 MB or less. The cropping tool makes it easy to size and position the banner.

Position, zoom, or rotate image to crop ✕

Manage a Banner

Manage a banner by activating it, scheduling it, adding a hyperlink or deleting it. Banners may be managed from a hub portal catalog and added to spokes.
