

Customize the site home page by adding a background. A background image can be uploaded, or a solid color can be selected.

Home Page Background

Background Image

Upload a background image. Select whether the image will appear normal, full or tiled. The background image can be previewed.

Upload a background image

Upload a background image. Select whether image will appear normal, full, or tiled.

For a normal or full background, upload an image that is 2000 pixels wide by 1300 pixels high. Supported images types are JPEG, JPG, or PNG and the file size must be 3MB or less.

Background image preview:

Select background image options

- Normal (one image, no tiling or stretching)
- Full Background (stretch across the entire background)
- Tile Background (repeat the background)

Background Color

Select a solid background color by clicking the “select color” button. Adjust the color in the vertical bar and adjust the saturation in the square box.
